EDUCATION

2020- 2024

Bachelor Of IT

bahauddin zakariya university

2019- 2020

Intermediate in
Computer Science

Govt. Degree College

LANGUAGE

• English

• Urdu

PROFILE INFO

I am an IT student, and I primarily focus on enhancing my skills. My main area of interest lies in programming, as I aspire to become a proficient programmer in the future. I dedicate a significant amount of my time to learning programming, particularly aiming to excel as a Django developer. I have familiarized myself with the fundamentals of programming by learning languages such as Python, along with concepts like Object Oriented Programming data structures and algorithms. Currently, I am engaged in a project involving Django, wherein I am developing a website integrated with a database. Additionally, I am actively learning Django and exploring related technologies like web scraping using BeautifulSoup. My ultimate goal is to work in a professional setting, preferably in a team, where I can further develop my skills as a Django developer.

EDUCATION

BS IT Bahauddin Zakariya University

Programming:

Programming Fundamentals (C++), Object Oriented Programming (OOP), Web Programming, Visual Programming
